

Garrison Forest School

Case Study

Soccer, Lacrosse and Field Hockey LED Lighting

Mledtech System (68) FL12M-960W

Customer Profile

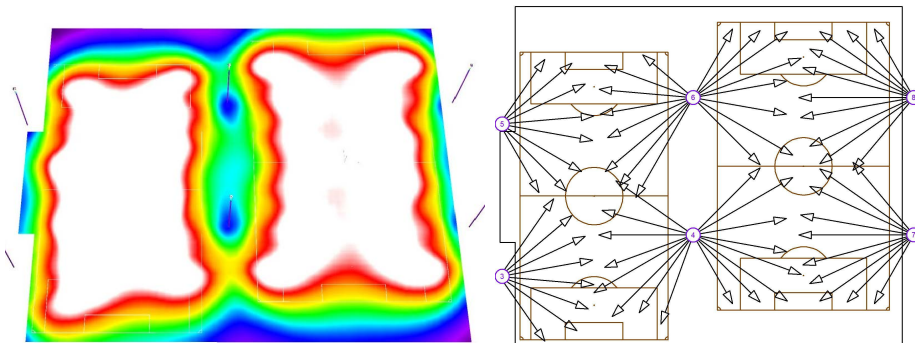

Garrison Forest School (GFS) is a non-denominational private college preparatory boarding and day school located on a 110 acres campus in Owings Mills, Maryland. GFS offers kindergarten through 12th grade for girls as well as a co-educational program for pre-K. The school is accredited by the Middle States Association of Colleges and Secondary Schools and the Association of Independent Maryland Schools.

Scope of Work

Mledtech worked directly with the facility management team at Garrison Forest School to install a new LED lighting system. The goal was to provide tournament level lighting with a system that is easy to maintain.

The Solution

Our VSP Sports Lighting system includes FL12M-960W fixtures and remote mounted driver boxes for ease of accessibility for future maintenance.

Enhance Athletes' Performance

The Results

Mledtech approaches each project as a unique opportunity to exceed the customers', the players' and the observers' expectations in terms of improved lighting delivered, improved visual comfort and operational savings. Our process steps help streamline this effort. We will meet directly with financial decision makers to go over final proposal in detail. Mledtech will work with the customer's contractor to provide them with detailed computer aiming points which can be set while on the ground.
