

# Stephen P. Turney Sports Complex

## Case Study

### Baseball & Driving Range

#### LED Lighting

**Mledtech System**  
**(48) FL9M-720W**  
**+ Remote Wireless**  
**Controls**

#### Customer Profile

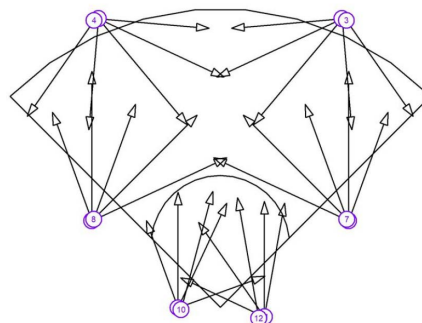

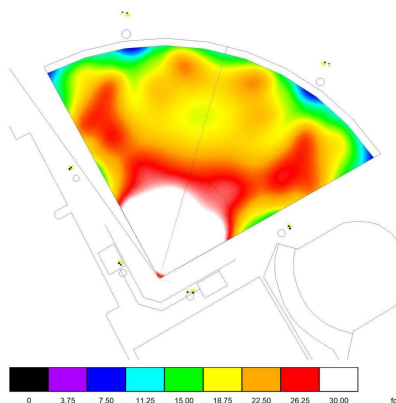

Stephen P. Turney Sports Complex located on the banks of the Patuxent River in Laurel, Maryland, a suburb of Washington DC. Golfers come out here to try the driving range and even the miniature golf course. Most of this park is an undeveloped forest preserve.

#### Scope of Work

The project required retrofitting the existing pole structures. Mledtech was able to provide a engineered solution that met the desired design criteria. Also, a networking control system was add to allow Owners the ability to control the system from anywhere, anytime, at their convenience!

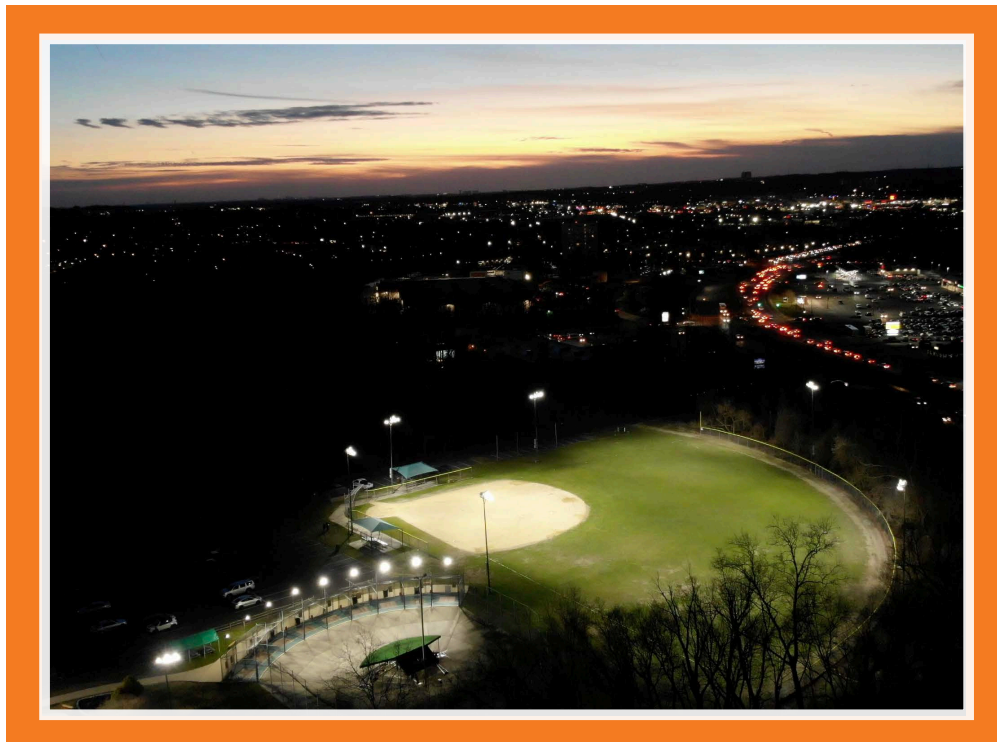

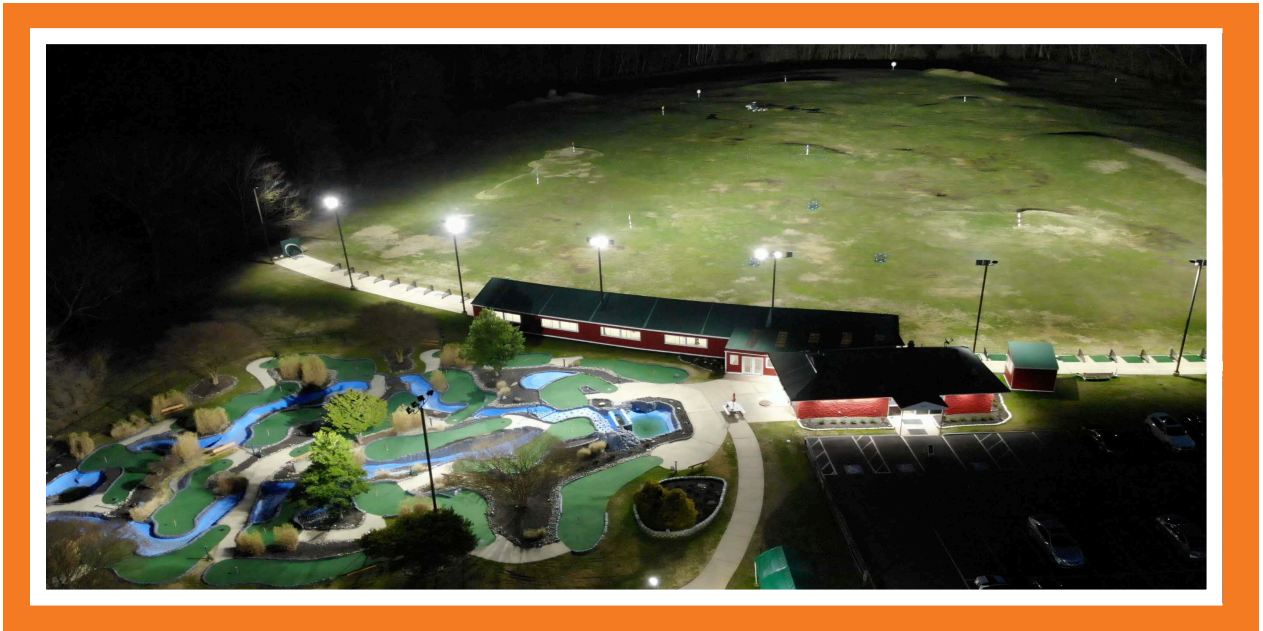

#### The Solution

A mixture of our RT410FL-260W and FL9M-720W sports lights and a Synapse Wireless control system were the perfect solution for this project.

**Enhance Athletes' Performance**

## The Results

Mledtech approaches each project as a unique opportunity to exceed the customers', the players' and the observers' expectations in terms of improved lighting delivered, improved visual comfort and operational savings. Our process steps help streamline this effort. We will meet directly with financial decision makers to go over final proposal in detail. Mledtech will work with the customer's contractor to provide them with detailed computer aiming points which can be set while on the ground.
